

We are **beyond excited** that you are a part of this community — and we are fully committed to helping you every step of the way.

But here's the truth: **that is not up to us**. It is up to *you* — actually reaching out when you are confused, actually asking for help during implementation, and actually going through this entire document. Everything you need starts right here.

Welcome to the family. Now let's get to work.

⚠ IMPORTANT — SECURITY NOTICE

Micah will NEVER message you first via phone, social media, or Discord. If someone reaches out claiming to be Micah — the answer is always **no, that is not him**.
